  - j. Options: check the box here if you wish to receive a reminder to sync your database prior to the Telemarketing contact list being generated.
  - k. Email notification: if you wish to receive a notification about the Telemarketing Stage before or after the Telemarketing contact list is generated, select the appropriate options and check the box here.
3. Now you are ready to add the Telemarketing Stage to your Campaign Sequence: Click the Add Stage button, and the Telemarketing Stage will be added to your Drip Marketing Campaign Sequence. You're all done with that Stage!
